

TSG-600 | Professional Desk Microphone

Description

Conference gooseneck microphone TSG-600 adopts a small-diameter metal microphone tube, which has better anti-interference performance and can effectively reduce external noise interference, allowing you to hear clearer voices. At the same time, with the double gooseneck tube design, the adjustment of the microphone boom is more flexible, and the position and angle of the microphone can be easily adjusted to adapt to various conference environments and requirements.

In terms of appearance, the TSG-600 adopts an all-metal design. The metal shell is sturdy and durable, and the appearance is simple and elegant. It can be matched with various conference room styles to bring a more professional image to the enterprise. The microphone adopts a small diameter capsule design, which makes the vision more beautiful and generous. At the same time, it is equipped with an LED indicator light and a mute switch, which is convenient for you to control the speech and indicate the status in the meeting.

TSG-600 brings you a clearer sound and a more professional image, and is an ideal choice for courts, conference rooms, government conference halls, schools and churches.

Product Specification

Capsule Type:	condensers
Polar Pattern:	Cardioid
Frequency Response:	80Hz~18KHz
Sensitivity:	-32 dB (17.7mV) 1Pa at 1V
Impedance:	250Ω
Maximum Sound Pressure:	125 dB SPL, 1KHz at 1% T.H.D
Dynamic Range (typical):	105 dB, 1 kHz at Max SPL
S/N Ratio:	>65dB, 1kHz at 1Pa
Switch:	Mute
Power Supply:	11-52V DC, 4 mA typical
Weight:	996g
Microphone Length(mm):	340,420(standard),480
Output Connector:	Male 3-pin XLR
Accessories Furnished:	Windscreen
Color:	Black
